IRON ROAD IS BUILDING A FULLY INTEGRATED, LONG LIFE, MAGNETITE IRON PROJECT

KEY PROJECT FACTS

+21.5 million tonnes per annum of high grade (67%), low impurity iron concentrate

2014 definitive feasibility study and 2015 optimisation study demonstrate a highly competitive project with potential for strong economic returns

Current mine life of 25+ years, with growth expected beyond 30 years

Borefield to service mine site water requirements

Registered Indigenous Land Use Agreement (ILUA) with the Barngarla

Port infrastructure able to accommodate Capesize vessels

Mineral Lease 6467 for mine and Development Approval for the Infrastructure granted by SA Government

High quality, low impurity iron concentrate will serve as a cleaner and superior blending product for steel mill customers

Project has mineral resources of 4.5 billion tonnes and ore reserves of 3.7 billion tonnes

Long-Term employee village at Wudinna to house 300 mine site and railway workers

Rail & Port Listed as a Priority Project by Infrastructure Australia on the National Infrastructure Priority List

Lead Construction & Offtake Partner - China Railway Group • Grain Partner - Emerald Grain

### MINE

- **25+ year mine life**
- Forecast production base of **+21.5 million tonnes** iron concentrate per annum with growth expected beyond 30 years.
- **67% iron concentrate, low impurities**

### RAIL

- **148 kilometre heavy-haul railway**, initial 25 tonne axle load capacity
- **11,000 tonnes per train of iron concentrate**: mine to port
- **Ore cars** will be covered and equipped with a **secure bottom chute** for unloading
- Possibility to connect to **national rail network**
- Corridor will contain **power and water supply infrastructure**
- Corridor to be **fenced** for safety and security

### PORT

- Deep water port requires **no dredging** and no breakwater
- Initial shiploader capacity of **70 million tonnes per annum**
- **Third party opportunities** for exports and imports
- Supports both **Panamax and Capesize vessels** with a 1.3 km jetty and wharf
- Two berths and single shiploader to support efficient turnaround times
- **1,100 hectares** of gulf front land secured to support third party facilities and potential expansion
